

Orientation for Families Policy

Enrolment and orientation to any Early Education and Care Service is an exciting and sometimes, an emotional time for children and families. It is important to manage this time with sensitivity and support, building partnerships between families and the Service and importantly, trust with the child. Such partnerships enable the Service and families to work toward the common goal of promoting consistent quality outcomes for individual children and the Service.

PURPOSE

We aim to ensure children and families are provided with an orientation procedure that allows the family to transition into the Service positively and well-informed, meeting the children and families' individual needs. We strive to establish respectful and supportive relationships between families and the Service to promote positive outcomes for children whilst adhering to legislative requirements.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

IMPLEMENTATION

Orientation is an important process for children, families and Educators to gain vital information about the individual child's needs, interests and strengths. To enable children to feel safe and secure, and to set the foundations for a trusting partnership, we feel that it is necessary for the family to attend an orientation visit. This visit or visits assists the child to adjust to a new setting and helps to make the transition from home to the Service a smooth and positive experience.

During orientation, Educators will discuss the following in order to gain a better understanding in supporting the family:

- The cultural and/or linguistic background for families from non-English speaking backgrounds (external support may be required).
- The family's needs in relation to work or other commitments.
- Days and times child care is required
- The family's previous knowledge or experience of other children's services.
- Any additional needs of the child and/or their family.
- Any court orders that are applicable to the child.
- Service philosophy and curriculum.
- The child's interests.
- Family goals and expectations.
- Any allergies or dietary needs for the child.
- Emergency or health care plans for the child if relevant.
- The Service and room routine.

MANAGEMENT WILL ENSURE

- The orientation process is well organised, flexible, and informative.
- The child and family visit the Service and familiarise themselves with the environment. The child may participate in the activities and experiences if they feel comfortable.
- The family and child/children are introduced to the Educators in the room.
- To create a welcoming environment and interact positively with the child and family.
- The child and family are respected at all times, acknowledging the individuality of each parenting style.
- Families are encouraged to ring, email, or visit the Service as often as they like when their child has commenced care.
- The child is allocated a Primary Carer Educator.
- Families are reassured that if the child is distressed over a long period of time the educators will contact them.
- Support agencies are contacted for children with additional needs.
- Families know how to provide feedback.

- Families are informed that critical information from their child's enrolment form is communicated with Educators – (emergency contacts, authorised nominees, court orders, immunization status, medical and health conditions where relevant).

EDUCATORS WILL:

- Greet children and families upon arrival.
- Create a welcoming and inviting environment
- Discuss with families the best transition process for the child.
- Encourage families to stay as long as they need to in order to reassure their child.
- Encourage families to say good-bye to the child when dropping off.
- Phone families if the child remains distressed.
- Seek information about the child and family throughout the orientation process.

DURING THE ORIENTATION OF THE SERVICE, FAMILIES WILL BE:

- Provided with the Service enrolment form to be completed (assistance to complete this form is available if required).
- Provided with an outline of the Service policies, which will include fee payment, sun safety, illness and accident and medical authorisation.
- Advised of the enrolment fee and daily fees
- Provided with information about Child Care Subsidy (CCS) and myGov website
- Provided with a Family Handbook.
- Asked to provide their child's immunisation history statement when enrolling their child – Australian Childhood Immunisation Register
- Shown the signing in/out process.
- Provided with information about the software app our Services uses for CCS, communication with parents – KidsXap Guardian.
- Advised of appropriate clothing for the child to wear to the Service, including appropriate shoes.
- Advised of what the child will be required to bring each day (water bottle, hat, change of clothes, morning tea, lunch, afternoon tea).
- Informed about policies regarding children bringing in toys from home.
- Informed about wearing sun safe Hats and application of Sunscreen.

- Introduced to the child's Educators.
- Taken on a tour around the Service.
- Shown where children's belongings will be kept each day
- Required to discuss medical management plan and allergies (if applicable).
- Advised about daily program (on display in each room) and how parents can view their child's observations (through KidsXap, or printed if parents prefer).
- Introduced to the room routine and Service program.
- Informed about communication methods including meetings, KidsXap, newsletters, emails etc.
- Invited to set Family Goal's for their child.
- Asked to confirm their preferred method of communication.

ROOM TRANSITION

When children transition to a new age group or room throughout the year , our Service ensures we provide information to parents and families and opportunities for the child to become orientated to their new educators, environments and peers before they begin in the new room.

We encourage parents to ask questions to support their child's transition and overcome any potential anxiety.

- Children will only be transitioned when they are ready in all aspects of their development and in accordance with their age.
- Room transitions will occur when there is a vacant position for the child.
- Management will consult with families when a child is transitioning to the next room, discussing their expectations and requirement to ensure the child settles into their new environment.
- Management and Educators aim to ensure the transition between rooms is positive and smooth, communicating with families about how the transition is progressing.

EVALUATION AND FOLLOW UP

Once the child has attended the Service for a few days, Educators will ensure they:

- Speak directly with the family to ask how their child and the family has settled into the routine of childcare.
- Welcome any questions or concerns the family may have.

- Provide information to the family of how their child has settled in these early days (interests, friends, songs they like to sing, craft activities etc).
- Request families to offer suggestions of how the Service could improve the orientation process.
